Profile

Passionate Full-Stack Developer with experience in building dynamic web applications using React.js, Node.js, and JavaScript. Skilled in full-stack development with a focus on clean code and performance optimization. Experienced in leading team projects, showcasing strong leadership and collaboration skills.

Education

B.E Computer Science *Vidush Smony Institute of Technology and Research* **Gandhinagar , Gujarat** 2021-2025
Bachelor of Technology - computer science engineering - Current CPI - 8.12 (Till 7th SEM)

Higher Education *Shree Saraswati Vidhayalaya* **Surat , Gujarat** 2020-2021
Class 12th:Passed Class 12 with 80.15 percentage

Professional Experience

React JS Intern, *Webito Infotech* **On-site** 05/2024 - 05/2024

- Completed a one-month internship at Webito Infotech, specializing in React.js to design and implement interactive UI components while meeting project requirements effectively.
- Acquired practical experience in front-end development and honed problem-solving abilities, contributing to seamless user experiences.

Web Development Intern, *Oasis Infobyte* **Remote** 01/2023 - 2/2023

- Completed a remote internship with Oasis Infobyte, developing mini-projects such as a Landing Page, Portfolio Website, and Temperature Converter, showcasing my web development expertise and creativity.

Projects

- **Farm2Fresh - Farmer-to-Consumer Green Vegetable Transactions**
 - Led a team of four to develop a platform enabling direct farmer-to-consumer vegetable transactions.
 - **MERN Stack (MongoDB, Express.js, React.js, Node.js):** Built a full-stack web application with interactive UI and real-time updates.
 - **MongoDB:** Managed user, product, and transaction data efficiently
 - **React.js:** Developed a user-friendly interface for farmers to list produce and consumers to purchase.
 - **Node.js & Express.js:** Handled backend operations, including secure transactions and order management
- **Document Management System - DocuSync**
 - **Next.js & React.js:** Developed the frontend for an intuitive and responsive user experience.
 - **Strapi:** Implemented a powerful backend for content management and user authentication.
 - **PostgreSQL:** Utilized for reliable database management and storage of critical information.
 - **Nodemailer & Express.js:** Enabled seamless email communication and handled server-side operations.

Skills

- **Programming Languages :** C++, Python (Basic) , Javascript
- **Frameworks and Libraries:** React.js, Node.js, Express.js, Redux
- **Database Management :**SQL, MongoDB
- **Tools :** Jupyter Notebook, VS Code, Git, Github, Postman
- **Soft Skills:** Planning, Organized, Teamwork, Active Listening, Adaptability
